DONALD TRUMP'S DENIALS PUT OUR HEALTH AT RISK.

TRUMP IGNORED CORONAVIRUS:

CNN

"'NOTHING TO WORRY ABOUT' AND 'IT'S BEING CONTAINED': How Trump officials downplayed the coronavirus."

Even as early reports warned of the threat coronavirus posed to our health and safety, **Donald Trump ignored medical experts and scientists, calling the pandemic a "hoax."** As infection rates soared above a million infected cases, Trump downplayed the coronavirus and Americans pay the price.

AND HE'S IGNORING CLIMATE CHANGE:

TIME

"DONALD TRUMP CALLED CLIMATE CHANGE A HOAX"

This isn't the first time Trump has ignored experts and put Americans at risk. Even as 97% of experts, NASA officials and the Department of Defense agreed that climate change is a threat to Americans, Trump refused to listen. Rising sea levels, stronger hurricanes, and more extreme weather will leave us vulnerable for generations. **Trump's "hoaxes" have become our health crises. And we've had enough.**

The coronavirus and climate change are very real.
