REP. ELISSA SLOTKIN

delivered to protect us.

Rep. Elissa Slotkin knows that our planet is facing irreversible damage from climate change, including our rising temperatures. That's why she helped pass a plan that will:

 **Make record investments in clean energy, reducing our dependence on fossil fuels.¹**

 **Cut pollution nearly in half by 2030.²**

 **Be the biggest investment to combat climate change in U.S. history.³**

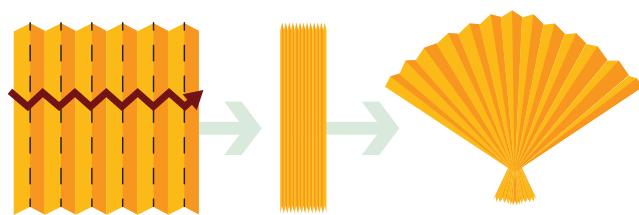

Rep. Elissa Slotkin acted to protect our climate. Now, it's our turn to re-elect her.

The sun's still out. Turn this mailer into a paper fan. You'll need it.

Here's instructions on how to turn this mailer into a paper fan:

- 1.** Center the mailer horizontally.
- 2.** Fold a one inch crease, and follow that by another one inch crease on the opposite side. Repeat this until the entire mailer is folded. Use the white lines as a guide!
- 3.** Take one end of the folded paper and pinch it together. This will leave the other end open.
- 4.** Staple or tape the pinched end.
- 5.** Now you can stay cool during this summer heat.
