# SEN. CATHERINE CORTEZ MASTO AND REP. DINA TITUS ARE DELIVERING “ONE OF THE BIGGEST BILLS TO FIGHT CLIMATE CHANGE, EVER.”<sup>1</sup>

Strong leaders know that big problems require bigger solutions. That’s why Senator Catherine Cortez Masto and Congresswoman Dina Titus helped pass a long overdue plan to protect future generations from the carbon pollution that heats the planet causing climate change. The plan will:

Cut carbon pollution that causes climate change 40% by 2030.<sup>2</sup>

Reduce our dependence on foreign oil by increasing the use of American-made energy sources like solar and wind power.<sup>3</sup>

Save the average American family \$1,800 per year on energy bills, while working to prevent more irreversible damage to our planet.<sup>4</sup>
